

AccessPoint

Access for CCTV & Drain Clearance

The AccessPoint offers a secure point of entry into DN70, DN100 and DN150 plastic, ductile and cast iron pipes. It is designed for entry into drainage systems where no man hole exists, or there is no other means of access.

The core drill cuts a hole of 54mm and is supplied with an arbour and a pilot drill. Installation takes less than a minute, although this may increase when cutting into very old cast iron pipe.

The AccessPoint kit includes:

- 10 x Access Points
- 1 x De-burring tool
- 1 x 6mm Allen key
- 1 x 54mm Diamond Tipped Core Drill

Benefits

- Quick and easy installation
- Can be removed and refitted
- Withstands up to 1 bar
- Pre-assembled for direct insertion into the host pipe

Also available in packs of 10 or 20 Access Points, without the tools.

Global leaders in flexible couplings,
drainage & plumbing systems

Simple Installation

The Result - a professional, tidy, removable & watertight point of access
