

# Leafline Gutter Brush

**NO MORE  
BLOCKED GUTTERS!**

- ✓ Prevents leaves and debris build-up in guttering
- ✓ Stops birds and rodents entering loft spaces
- ✓ Easily fitted in minutes, even around corners
- ✓ Virtually indestructible and maintenance free
- ✓ Cost-effective

The simple, effective way to prevent leaves, twigs and other debris from blocking gutters

Leafline gives complete peace of mind from the build-up of wind-blown leaves and debris, allowing rainwater to flow freely.

# Leafline Gutter Brush

## Simple to fit and very effective

- **Easy to fit**
- **Virtually indestructible**
- **Suitable for most domestic gutters**

Available in 3 metre continuous lengths and in three diameters (100mm, 125mm and 150mm), Leafline is easy to install. Simply place one or more in your guttering; they even bend around corners. No special tools or training are required and it only takes a matter of minutes. The **Leafline Gutter Brush** is virtually indestructible, made of stainless steel wire core with polypropylene bristles, so it will be years before you have to think about this problem again.

*Designed and manufactured to Lindab's exacting standards.*

No one knows more about protecting your home from the weather than Lindab. However, even the best rainwater systems need regular maintenance to keep them clear of fallen leaves or wind-blown debris, which can cause irreversible damage to gutters, downpipes and roof tiles. To answer this constant maintenance worry, Lindab has made the **Leafline Gutter Brush**.

*Leafline Gutter Brush can also be used in garden and pathway drains!*

For "no more blocked gutters", see the amazing **Leafline Gutter Brush** at Lindab stockists throughout the UK
